PORTFOLIO

MY NAME IS

YUHONG

ZHAN

also could call Vera 😊

EM Lyon Business School, Master's Degree

Major in International Marketing & Business Development

5 Years of Brand Storytelling & Market Growth

Multi-Channel Marketing

Across Lifestyle, Fashion, Gaming and FMCG Industry

MY HOBBY

Yes, I have a rotating playlist of obsessions, carefully curated based on season, mood, and occasional existential crises. Also, it includes puzzles (those with more than 500 pieces), photography (film photography is my favorite).

Handmade accessories: Designed and crafted unique pieces with friends, even launched (and gracefully closed) a Taobao store.

Punch Needle Art: My latest creative obsession. Something about looping yarn into fabric feels like stitching together life's chaos into something oddly satisfying.

Yoga / Boxing: Practicing yoga for 5+ years, balancing mindfulness and flexibility. Recently picked up boxing and skateboarding, proving that I'm both a fast learner and very experienced in falling.

What makes me who I am

Chapter 00: Global Perspectives & New Ventures (2024-2026)

Chapter 01-04: Core Expertise (2019-2023)

01 Brand Strategy & Positioning

02 Marketing Campaigns & Advertising

03 Public Relations & Communication

04 Creative

Global Perspectives & New Ventures

FPT Software - Consultant (In Company Project)

1. Market Entry Strategy: Conducted comprehensive GTM feasibility studies for FPT's RTM solution in EU markets (FR, UK, DE).
2. Data-Driven Strategy: Leveraged RTM landscape analysis and stakeholder evaluations to identify Critical Success Factors (CSFs).
3. Commercialization Mindset: Successfully bridged the gap between complex software solutions and practical commercial entry strategies.

Bandai Namco Entertainment Europe - Assistant Brand Manager

1. Global Strategy Alignment: Orchestrated cross-functional collaboration between global HQs (JP, US, EU) to synchronize brand identity.
2. Complex Project Management: Engineered compliant workflows for high-security internal projects, ensuring strict data security while maintaining brand storytelling integrity.
3. Cross-Cultural Execution: Navigated complex stakeholder requirements in a globalized tech-gaming environment.

Brand Strategy & Positioning

01

BENLAI:

PIONEERING BRAND BREAKTHROUGHS IN CROWDED MARKETS

本来
BENLAI

Context

Operating as a brand within the UR fashion ecosystem, BENLAI faced a critical identity crisis: the lack of a distinct brand narrative in an increasingly crowded "basic essentials" apparel sector, exacerbated by post-pandemic economic shifts.

Strategic Challenge

How to pivot from a functional product-driven model to a brand-centric identity?
How to establish a sustainable long-term value proposition that differentiates the brand from fierce competitors with established brand reputation?

My Role- Brand Manager

Led a cross-functional brand upgrade project in partnership with BCG. Orchestrated collaborative efforts across Design, Retail, and Supply Chain departments to build a robust brand valuation and equity assessment system.

Brand Core & Framework

Action: Reaffirmed brand positioning and crystallized the core messaging.

Deliverable: Built a comprehensive brand framework, including Value Proposition, Brand DNA, Brand Roles, Visual Identity, and Communication Tone.

Product & Pricing Strategy

Action: Devised a data-driven product strategy based on the new positioning.

Deliverable: Optimized category structure, refined product levels, and established a strategic pricing framework to enhance market competitiveness.

Performance-Driven Management

Action: Re-established KPIs and ROI metrics for internal departments to ensure full alignment with strategic goals.

Result: +35% Brand Recognition in the first year.

Mendale:

REIMAGINING A HERITAGE BRAND FOR THE MODERN ERA

The Context

Mendale (1956) was once the definition of premium bedding. However, market shifts, e-commerce saturation, and the rise of designer brands left the brand perceived as "outdated" by Gen Z.

Strategic Task

Unified messaging across a multi-brand matrix.
Rejuvenation strategy to capture younger demographics.
Establishing authority in the high-end segment.

My Role- Branding and Public Relations Manager

Led the partnership with Kmind to drive brand revitalization and cross-departmental execution.

01

Brand Architecture Integration

Unified MINE, Mendale, and MJBABY into a cohesive brand matrix, clarifying distinct positioning for each sub-brand.

11%

YoY Revenue Growth
(2021)

02

Core Messaging Revitalization

Redefined brand identity as "Mendale Premium Bedding," ensuring consistency across all touchpoints and visual channels.

+23.5%

Brand Mention Rate
(Premium Bedding category)

03

High-Impact Growth Initiatives

Leveraged top-tier celebrity endorsements, designer collaborations, and flagship service upgrades to re-establish premium authority.

+16.7%

Purchase Intent
(Gen Z segment, 25-30 age group)

Marketing Campaigns & Advertising

02

BENLAI:

SCALING BRAND INFLUENCE THROUGH INTEGRATED FULL-FUNNEL GROWTH

本来
BENLAI

Context

In a red-ocean athleisure segment dominated by giants like Uniqlo and Patagonia, BENLAI sought to scale its "Rong Yi" (Fleece) series during the competitive peak e-commerce season, despite severe budget constraints and low initial brand awareness.

Strategic Challenge

Category Positioning: How to credibly establish BENLAI as a "tech-driven comfort" authority in a market with high consumer mindshare?

Resource Efficiency: How to achieve massive scale and sales conversion with limited marketing spend?

Full-Funnel Integration: How to bridge social influence (KOL seeding) with high-conversion e-commerce pathways?

My Role- Brand Manager

Led the full-funnel integrated marketing strategy. Oversaw cross-platform execution, KOL matrix optimization, and data-driven performance management to ensure KPI attainment.

本来 | 绒量守恒

BENLAI | 绒焱系列 亲肤 | 柔软 | 温暖

01 Tech-Centric Differentiation

Introduced the "Thermal Equilibrium" concept, leveraging aerogel technology to differentiate product performance.

KPI Over-achievement

- **181%** of Engagement target; **156%** of Reach target.

02 Full-Funnel Digital Ecosystem

Engineered an integrated social-to-commerce funnel using RedNote (Xiaohongshu) and Douyin KOL seeding combined with livestream sales.

Social Media Go Viral

- **10x** growth in RedNote brand keyword viewership.

03 Growth & Sales Scalability

Orchestrated SEO optimization, targeted livestreaming, and offline pop-up activations.

Conversion Scale

- **4.24M** cart exposures & **68K** product detail views on Douyin.

Mendale 7A Down Duvet:

CAPTURING HIGH-END MINDSHARE THROUGH TARGETED EXCELLENCE

The Context

Mendale launched the world's first 7A-certified down duvet to define category leadership. However, the brand faced significant headwinds: domestic down duvet penetration was merely 5% (lagging far behind apparel giants), and a "warmer-than-usual" winter in 2021 severely dampened seasonal demand.

Strategic Task

Market Education: How to pivot from a low-penetration commodity to a high-intent luxury category, turning "non-essential" into "essential luxury"?

Positioning Transfer: How to translate "technical product superiority" into "emotional premium brand value" to justify a price premium?

Agile Demand Stimulation: How to neutralize unfavorable weather conditions and sustain high-end sales through targeted conversion rather than broad seasonal reliance?

My Role- Project Lead & Brand PR Execution

Orchestrated the full-cycle execution of the integrated campaign, coordinating cross-functional resources (Marketing, E-commerce, Retail, PR) to ensure total alignment between brand narrative and sales conversion.

01

Brand Architecture Integration

Unified MINE, Mendale, and MJBABY into a cohesive brand matrix, clarifying distinct positioning for each sub-brand.

11%

YoY Revenue Growth
(2021)

02

Core Messaging Revitalization

Redefined brand identity as "Mendale Premium Bedding," ensuring consistency across all touchpoints and visual channels.

+23.5%

Brand Mention Rate
(Premium Bedding category)

03

High-Impact Growth Initiatives

Leveraged top-tier celebrity endorsements, designer collaborations, and flagship service upgrades to re-establish premium authority.

+16.7%

Purchase Intent
(Gen Z segment, 25-30 age group)

Omnichannel Growth Strategy

01 Expert-Led Category Education

Positioned Mendale as the professional benchmark by communicating technical superiority (1.5x international fluffiness standards).

02 Integrated Experiential Channels

Deployed offline "feather testing" zones to create tangible trust, while scaling online impact via dedicated content-heavy e-commerce sections.

03 Sales Enablement & Digital Precision

Developed specialized training for frontline sales and leveraged a targeted matrix of expert/lifestyle KOLs for high-credibility seeding.

Budget Efficiency
*Achieved total campaign objectives with only **50%** of the allocated budget.*

Brand Authority
135% completion rate of communication goals;
2.5x increase in brand + category keyword searches.

Commercial Growth
157% YoY retail growth in premium down quilts;
+24% YoY increase in Average Selling Price (ASP).

LIFE STYLE

Public Relations & Communication

03

Take MENDALE as Example

Brand Public Relations

BUILT PR INFRASTRUCTURE

- Developed a proprietary media database from scratch; authored and disseminated high-impact press releases.
- Impact: >200% increase in brand share-of-voice and media coverage.

Digital SEO & Content Strategy

- Action: Architected a digital-first website content strategy, integrating SEO best practices to dominate search engine results.
- Impact: +300% growth in monthly organic website traffic.

STRATEGIC PR PMO & POSITIONING

- Action: Oversaw large-scale corporate communications (e.g., Mendale 66th Anniversary), ensuring narrative alignment with top-line business goals.
- Impact: 237% YoY growth and +2322% MoM spike in Baidu search volume.

TYPES OF CRISIS PUBLIC RELATIONS HANDLED:

- Finance / Celebrities / E-commerce Operations
- Human Resources and Employee Management

The Coupon Apocalypse

A pricing loophole went viral during city-wide lockdown. Instead of reactive panic, we orchestrated a "synchronized containment" strategy.

#E-commerce Operations#

Celebrity Endorsement Volatility

Star endorsement triggered intense fanbase infighting, jeopardizing campaign materials.

We implemented a "Neutralization Strategy" to decouple brand values from the external fanbase chaos.

#Celebrities#

Financial Turbulence & Leadership Shake-ups

Market volatility triggered by weak earnings and leadership changes.

Proactive narrative control—shifting stakeholder focus from headline noise to long-term value propositions.

#Finance#

CRISIS MANAGEMENT

Creative

04

McDonald's: Cultural Localization Strategy in Mid-Autumn & ChNational Day

Cultural Integration: How to bridge the gap between a global fast-food icon and a deep-rooted traditional festival (Mid-Autumn) without feeling artificial?

Resource Maximization: How to generate maximum social buzz and "conversation starter" value with limited production and media budgets?

Triple-Brand Harmony: How to fuse McDonald's values with BMW's, all while respecting the solemnity of the Mid-Autumn Festival?

Moonburger

A Triple-Brand Synergy (McDonald's x BMW x Mid-Autumn Tradition)

Strategic Takeaways

- Brand Elasticity: Validated McDonald's potential for luxury-tier (BMW) integration without diluting core democratic brand equity.
- Product-as-Media: Demonstrated that high-impact IP product design functions as a self-sustaining media channel, maximizing ROI under budget constraints.

Maybe at this moment
You're craving a McDonald's meal. :)
